Good morning,

Thank you for reaching out to the Office of the Mayor.

I have shared your correspondence with the Mayor and their Advisors for review. As the situation is continuing to evolve, please stay tuned to local media reports for updates on any decisions relating to this. Our Public Health team continues to look at how we may best protect ourselves against the virus, please be assured that any such policy regarding mandatory masking would include appropriate exceptions for age and health.

Sincerely,

Marco, on the behalf of,

Paul Szachlewicz
